

HOHENSTEIN ●

3D

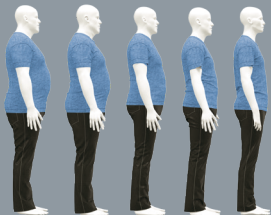

The Future  
of the Apparel  
Industry

We get you in shape  
for digital product  
development.

## DIGITAL & ANALOGUE FITTING

In all sizes & shapes

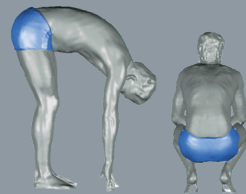

## PATTERN EXPERTISE

Basic pattern, model pattern & grading

## 3D & 4D SCANNING

In movement

## HOHENSTEIN DIGITAL FITTING LAB

**ELIMINATING** physical prototypes enables efficient, flexible design edits and shortens development time.

**YOUR DIGITAL FIT MODELS** can be optimised for all sizes and shapes, making it possible to design, adjust and display products for your (entire) target group.

**LESS MATERIAL WASTE** and transportation lowers your carbon footprint. In addition, a uniform fit increases customer loyalty and lowers your return rates.

**We are looking forward to your questions!**
